

## Phonics Treasure Hunt

Write the clues on bits of paper and hide around the house (and the garden if you can).

Give your child the first clue, they then have to spot and underline the tricky words. They can then sound out the words to read the clue and then they can find the next one.

### Clues

1. in (name)'s hat.
2. on the mat.
3. in the pan.
4. on (name)'s bed.
5. in (name)'s sock.
6. go to the egg cup.
7. on the tin can.
8. in (name)'s mug.

This is where you would put the prize.

You can then get your child to write their own clues for you to do a treasure hunt.
